What is Ativan (Lorazepam)?

Ativan (Lorazepam) is a benzodiazepine used for managing anxiety, panic attacks, and sleep disorders. It works by enhancing the effects of GABA (gamma-aminobutyric acid) in the brain, promoting relaxation, reducing stress, and improving sleep quality.

Ativan is prescribed for:

- Generalized anxiety disorder (GAD)
- Panic attacks
- Short-term insomnia or sleep disturbances
- Pre-surgery anxiety management

At MedsFedEx.com, Ativan is available in various dosages, all shipped overnight with Proof View and Signed Receipt Link to guarantee safe and reliable delivery.
